October 2020

Dear Summit Students and Families,

Finally it feels as though patterns and routines are starting to take shape for the school year. Online classes and enrichments are in full swing, and this week our team is also conducting mid term conferences. Fall star assessments are complete, results are available and will be shared soon. Routines are so key for life and COVID has definitely impacted how our world at SLC creates these structures.

Despite all our want and efforts for safety, it has become painfully obvious that COVID 19 will continue to throw the normal routines of life into chaos. Currently, the health metrics do not allow for any kind of transition to in person learning or activities. Sadly, **Summit Learning Charter has decided to continue to CLOSE all on-campus enrichments and in-person student activities for all of Winter Term (December 7 - March 11)**. I know this is disappointing, but having these broad guidelines allows the Summit team to maintain our routines and structures and continue to deliver you our best instruction and support.

We will update you with any changes on Spring Term by Feb 12th. We certainly have missed the energy of your presence at Eagle Creek, but the safety of our students and families and employees is our Top Priority.

Important Dates for Winter

Fall Break here - November 25 - November 27

1st day of Winter Term - December 7

Holiday Break - December 21 - January 1

Winter Term Conferences - January 25 - January 29

Last day of Winter Term - March 11

Have a terrific Fall, be safe, and have fun!

Sean Gallagher

Principal
